Shelly,

I'm unavailable in the morning Thursday, but Brent and Bill would be available for a call. If you're available at 2:00 on Thursday, all three of us are available. Whatever works best for you is fine. Thanks.

**Subject:** Kokomo Dump Site - Brush Removal

Hi Shelly,

We wanted to let you know of our upcoming field work. We are scheduled to begin the brush removal on Monday 2/24/14, and will be partnering with Environmental Restoration for this scope of work. As part of this work, the various work zones will be established and signage will be erected. In addition, the one drum situated on the ground surface will be removed, along with the underlying soil. We anticipate conducting a site meeting and a review of the HASP as the first steps of our site work. The scope of work is scheduled for 5 days. Please let us know if you have any questions. Thanks.
